

July 1st, 2017

Established in 1855, McCarthy Tétrault grew, as Canada grew, ultimately becoming Canada's first national law firm.

In Quebec, Ontario, Alberta and British Columbia, the firms that brought us together assisted great Canadian companies and individuals solve their problems and reach their goals. From coast, to coast, to coast, our clients have included quintessentially Canadian interests; houses of government, prominent financial institutions, resource companies, industrial enterprises, development organizations, groups of professionals and often those in our society in need of assistance who did not have the means to pay. It is amazing to reflect on what we have achieved over the last 150 years (162 actually).

Today we are a multilingual, diverse organization that prides itself on being inclusive, fair, and welcoming. While our reach has become international, our roots are firmly planted at home. The McCarthy Tétrault Foundation is one component of that, which ensures we give back to the communities that enrich us and drive our success.

Part of being Canada's most innovative law firm also means embracing the diversity of all of our professionals, and indeed, Canada itself. Diversity and inclusion is a business imperative – for us and for Canada. That is why we champion those clients that truly embrace diversity and inclusion, and who inspire all of us to continuously improve. We understand that diversity and inclusion are at the centre of bringing forward the richest ideas and the strongest teams, and we and our clients are better for it.

Canada is a nation of innovation, ingenuity, and ideas. We are eager to see what lies in store for our country in the next 150 years, and we are proud to know we will be part of that great future. We will continue to tap into our entrepreneurial spirit, to innovate, to continue to redefine how we serve our clients and our communities, as Canada continues to expand its influence around the world.

On behalf of the partners of McCarthy Tétrault, we wish everyone a Happy Canada Day!

Dave Leonard,
Chief Executive Officer
