t. 514-397-5640

---

Julia is currently completing a bachelor's degree in law at the Université de Montréal and will graduate in 2023. Prior to her studies in law, Julia completed a DEC in commerce at Marianopolis College, where her academic achievement earned her a spot on the Dean's list and an admissions scholarship to Université de Montréal's Faculty of Law.

Julia has always valued being an active member of her community, namely reflected in her work at legal aid clinics, her implication in Fondation Héma-Québec's *Cercle des jeunes philanthropes* and her contributions to student life, notably as an executive member of the Indigenous Law Committee of her Faculty.

Julia's interest in corporate law was sparked throughout her summer internship at Groupe Mach and Mach Capital, where she gained valuable insight and exposure to the real estate industry, particularly in the context of Mach's acquisition of a significant portion of Cominar REIT's portfolio.

In her spare time, Julia enjoys reading, trying new restaurants and travelling.
