Law School

University of Calgary

Tasia recently completed her second year of law school at the University of Calgary. She holds a Bachelor of Commerce with Distinction from the Haskayne School of Business with a focus in supply chain management. Prior to law school, Tasia worked as a consultant at an accounting firm in Montreal. She has professional experience in both French and English.

Tasia is deeply committed to diversity, equity, and inclusion, principles she has enthusiastically supported through her participation in several committees while she was a consultant. She has continued to advocate for these values in her roles as the VP of Events for the Society of Law Students and as the Events Support Director for the UCalgary Black Law Students' Association. Tasia has also been an active member of Pro Bono Students Canada, co-leading the Youth Criminal Justice Mock Trial (2023-2024) and as a member of the French Youth Project (2022-2023).

In her spare time Tasia enjoys traveling and trying new restaurants.
