Specializing in financial services, James effectively advises clients and institutions to solve their most complex issues.

James-Scott Lee is a partner in our Business Law Group in Calgary. His practice focuses on banking and secured lending across several industries including private equity, diversified, real estate, cannabis, oil and gas and alternative energy industries.

James-Scott acts for Canadian and international banks, financial institutions, non-bank lenders and borrowers in connection with lending transactions, including bilateral and syndicated financings, senior/mezzanine and first lien/second lien financings, subscription/capital call facilities, reserve-based and asset-based loans, project finance, acquisition financings, and multi-jurisdictional and cross-border transactions. Clients appreciate James' commercial approach and his ability to bring difficult transactions to an efficient conclusion.

James is an excellent lead partner. He is highly responsive and is able to sort through complex issues quickly and effectively.

— CLIENT, CHAMBERS AND PARTNERS

His recent transactions include:

- **Project Action** – In December 2023, McCarthy Tetrault LLP acted for a syndicate of lenders, including a Canadian life insurance company, in respect of a \$150 million loan which was guaranteed by AIOC which facilitated twelve (12) indigenous communities, through a newly formed entity called Wapiscanis Waseskwan Nipiy Holding Limited Partnership, to acquire an 85% non-operated working interest in certain Clearwater midstream assets.
- **Project Hexagon** – In July 2023, McCarthy Tetrault LLP acted for the Lender in respect of a \$103 million loan which was guaranteed by the AIOC which facilitated five (5) Indigenous communities to acquire, collectively

through a newly formed entity called Northern Lakeland Indigenous Alliance, approximately 43% interest in the Access NGL Pipeline System, operated by Wolf Midstream Canada LP, a leading Canadian owner and operator of midstream energy infrastructure in Western Canada, which is backed by Canada Pension Plan Investment Board.

- **Project Rocket** – In September 2022, McCarthy Tetrault LLP acted for the lender in respect of a \$250 million loan guaranteed by the AIOC which facilitated twenty three (23) Indigenous communities, who collectively make up Athabasca Indigenous Investments, to purchase a 11.57% non-operating interest in seven (7) Enbridge owned and operated pipelines in the Athabasca region. The transaction also included a ~\$900 million bond raise for an aggregate purchase price of \$1.12 Billion.
- **Northern Courier** – In September 2021, McCarthy Tetrault LLP acted for the lender in respect of a loan in the amount of \$40M guaranteed by the AIOC to facilitate eight (8) indigenous communities in becoming equity partners in 15 per cent of the Northern Courier Pipeline System alongside Suncor.
- **Project Cascade** - In August 2020, McCarthy Tetrault LLP acted for a syndicate of lenders in respect of a \$93 million loan guaranteed by the Alberta Indigenous Opportunities Corporation (“AIOC”) to facilitate six (6) indigenous communities in becoming equity partners in the Cascade Power Project (“Cascade”), a major natural gas-fired power facility being constructed near Edson, Alberta. Cascade is a \$1.5 billion, 900 MW Combined Cycle Gas Turbine (“CCGT”) power plant that is expected to supply 8% of Alberta’s average electricity demand through highly efficient and low-emissions electricity. The six indigenous communities invested through a partnership with OPTrust, a major Canadian pension fund, and a holding vehicle owned by Alexis Nakota Sioux Nation, Enoch Cree Nation, Kekewin Cree Nation, O’Chiese First Nation, Paul First Nation and Whitefish Lake First Nation. This makes the participating indigenous communities material equity partners in a major Alberta-based power project, expected to lead the province’s transition away from coal-fired power. The project will provide long-term, stable distributions to the partners, in amounts forecasted to total hundreds of millions of dollars over the project’s 30-year life. This deal has been recognized as *Project Finance International’s* Canadian Power Deal of the Year award for 2020 and *IJGlobal Awards’* 2020 North America Power Deal of the Year.
