Having practiced for six years in the London office of a major international law firm – which included secondments in Brussels and Washington D.C - Mike is well-versed in the global competition and foreign investment law landscape. This experience enables Mike to take a holistic approach to complex cross-border transactions and conduct matters, leaning on his experience of Phase II merger investigations before the European Commission and UK Competition & Markets Authority; merger appellate litigation before the EU's General Court; and cartel investigations across several sectors, as well as coordinating merger clearances in many jurisdictions around the world.
